**Mess**

We meet once a month in the Downtown APCUG.

We have been around since the 1980's (

**An Almost "Pocket Size" Computer**

**Personal Attack Alarm**

**Optical Fire / Smoke Detector**

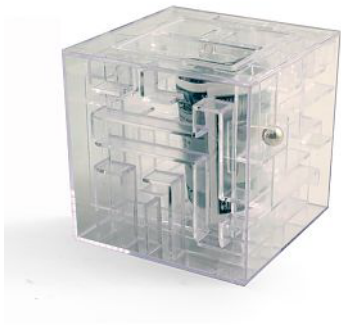

**Door Movement Alarm**

**Bag Movement Alarm**

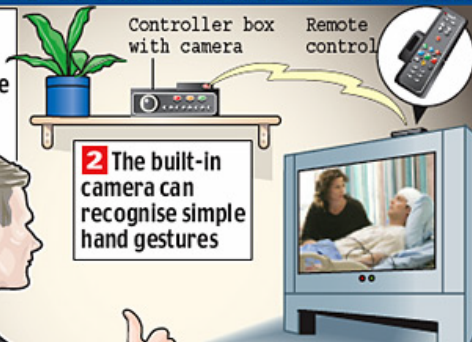

**Tattoo Sleeves**

***Money Maze***

## HOW IT WORKS...AND WHAT THE HAND SIGNALS MEAN

**1** The device is designed to have a clear line of sight to the viewer and the TV.

**2** The built-in camera can recognise simple hand gestures

**3** Signal is sent to a remote control, which controls the television and most other audio/visual equipment

**START**

**POWER ON**

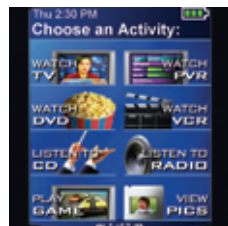

**SELECT CHANNEL**

**MOVE  
CHANNEL UP**

Change Channels with a Thumbs-Up

**1 Instead of 5**

**Solar Recharged LED Lights**

Will the cassette tape ever die?

Better communication through technology!

AlcoHawk Digital Alcohol Detector

**Instant Energy Boost - Caffeine Under the Tongue .. 8^((**

**Walk and Type .. At the same time**

Ready .. Aim .. Fire ..... "SLEEP" (Yeah !!!)

**Custom Built "ROLLING" Computer System  
.. Not a Laptop ..**
